

2 HOUR TAP TIMER

2 WAY TAP

The Pope 2 Hour Tap Timer with EZ Dial 2 Way Tap takes the worry out of watering. Simply turn the dial to your desired watering time and the tap timer will shut the water off automatically when the set time has expired. The EZ Dial 2 Way Tap gives you the flexibility of 2 independant watering outlets controlled by your tap timer.

Installing your Pope 2 Hour Tap Timer

Step 1
Attach tap timer to your garden tap using the swivel tap nut. Ensure the tap timer is hand tightened only.

Step 2
Attach hose with snap on connector to one or both outlets on the EZ Dial w Way Tap

Using your Pope 2 Hour Tap Timer

- Depress grey level located on the bottom of the dial prior to setting the desired watering time whether using manual override or timer mechanism.
- Set desired watering time.

Note 1. Tap Timer will continue to keep time even if water is turned off at tap.

Note 2. The Timer knob can be turned backwards to "0" without damaging mechanism.

Note 3. Turning knob to "Manual On" will override the Timer & the water will not switch off automatically.

This product is not suitable for use;

- if your water pressure exceeds 1000kPa;
- if you use a bore or unfiltered water;
- if you use any kind of pump to draw water;
- for commercial applications; or
- if it is likely to be subject to more than seasonal amounts of water (e.g. In the path of sprinklers or other emitters, or with a leaking tap.)
